LED Inside

SD02100 Series
**SD02100 TUNNEL LIGHT**

LED tunnel lights are used in tunnels for lighting large areas. Our LED tunnel light features high lighting efficiency, good stability and long working hours. Due to fast moving traffic, a high quality of light is required in tunnels. Keeping in mind the safety of drivers, transportation and infrastructure, our LED Tunnel light is the best suited lighting option for such applications. Our LED tunnel lights are highly reliable environmentally friendly the LED lamp is waterproof and dust proof.

**Features**

- IP65
- Aluminium Extrusion Body with LED Module
- UV Stabilized powder coated finish
- Superior to replace Mercury lamp, Sons, Metal halide
- UL, CUL, CE, ROHS, CCC Certification

- Different Mounting Bracket is available
- High heat dissipation capacity
- Finish - White/Black/Grey/Others
- System efficacy > 100lm/W
- 100,000 hours life with 5 years’ warranty
